PMAY(U) TRANSFORMING LIVES

Smt. Seena Thomas is a PMAY (U) beneficiary from Cochin, Kerala who proudly smiles in front of her house with warm thanks to PMAY (U) scheme. She has a daughter who is pursuing her Post Graduation. Smt. Seena is a daily wage labour who works in three houses as a housemaid. Her husband passed away when her daughter was at the age of one. She lived with her brother for five years, until her brother got married. Thereafter Smt. Seena and her daughter started living in a rented house. The rent and school fees became a burden for her, however she managed for 15 years with limited resources. She was always worried for the safety of her daughter and always dreamt to own a pucca house.

The dream of owning a pucca house was not easy since she did not have her own land to build the house. She came to know about PMAY(U) scheme from the awareness campaign done by Local authorities. She approached local Christian philanthropic leaders and got one cent land to construct her house. Then she applied for financial assistance and as a result she was able to make her own pucca house under PMAY (U). She thanks Government of India for helping her fulfilling her dream. Now her daughter has completed her B.Sc. and pursuing her post graduation. When asked, she emotionally expressed that “if she had not got the house, under PMAY(U), she would have gone to the old age home after her daughter's marriage.”
A thematic workshop on Vulnerability Atlas of India and Disaster Resistant Design & Construction Practices for Ministry of Human Resource Development was organized on May 3rd 2019 at New Delhi. The workshop was focused on highlighting the details of “Vulnerability Atlas of India” (3rd Edition) as a tool to natural disaster prevention, preparedness and mitigation of housing and related infrastructure. Participants from 56 different academic institutions under Ministry of HRD participated in the workshop. Engineers from NDMA, EPIL and NDRF also participated in the workshop.

State Level Training program on MIS & Geo Tagging under PMAY(U)

A two-day training on MIS & Geo Tagging was organized by Directorate of Municipal Administration under Urban Development and Housing Department, Government of Jharkhand at Ranchi on 9th & 10th May 2019. Shri Ajoy Kumar, Secretary, Urban Development & Housing, Government of Jharkhand, along with Shri Rajeev Ranjan, (MD PMAY(U)) Government of Jharkhand and officials from all ULB of Jharkhand participated in the training program. From MoHUA, Shri R.K.Gautam, Director HFA, along with PMAY(U) PMU Experts also participated in the two-day training program. Participants were trained on MIS Portal of scheme and explained in detail about Annexure, Various Formats (7A, 7B, 7C, 7D), Entry of New Projects, Survey Data, Beneficiary updation, Revision of Projects, MPR, HFAPoA, AIP, Reports and Geotagging.

Light House Project Site visit at Ranchi

MoHUA officials along with officials from Government of Jharkhand, visited the proposed Light House Project (LHP) site at Ranchi, Jharkhand. This is one of the six shortlisted LHP sites under Global Housing Technology Challenge-India. Government of Jharkhand has proposed more that 2 hectares of land for construction of 1000 dwelling units as LHP. These light House Projects will serve as live laboratories for different aspects of transfer of technology in the sector including planning, design, production of components, construction and leveraging learnings to be adapted into curriculum for a cleaner and greener New India.
