

NINAKALA Gajirel

ASSAM

Ninakala Gajirel and Kharananda Gajirel, both above 80, live with his son and his wife in Gohpur, Biswanath District, **Assam**. At this age, Kharananda supports his family by working as a farmer and his son works in a book shop. The father-son duo together earns Rs 10,000. The family lived in a kuccha house with minimal facilities.

The family was not financially strong to build a pucca house and they continued to live in the existing poor conditions. It was Ninakala Gajirel who was looking for options to seek assistance so that they could build a house which was comfortable and spacious. She believed that their condition will never change if they did not stretch enough.

When a neighbour told her about PMAY(U), she went to the ULB office to find out about the Scheme and after due verification, a house was sanctioned to them. The family got together and build the home of their aspirations.

Ninakala Gajirel says, "I am happy to have our own pucca house and, also, a better kitchen. I thank Hon'ble Prime Minister for providing us with a pucca house."
