

TANKARIYA DIPTIBEN

Anilbhai

GUJARAT

Tankariya Diptiben Anilbhai always had a dream of having her own sweet Home. She and her husband **Anilbhai Tankariya**, and their two children were living in a kuccha house which was almost 50 years old.

With her husband's meagre income as a tailor, it was very difficult for her to fulfil her dream of a house. She also had to take care of the education of her growing children as they had joined college. Dipti had almost forgotten about her dream of owning a pucca house which would have a kitchen and attached bathroom.

When she came to know about Pradhan Mantri Awas Yojana (Urban) [PMAY(U)], Dipti and Anilbhai visited Nagar Palika office and asked about the scheme details. Initially, she found it unbelievable that she need not return the money she received from the Government. With the guidance of a ward councillor, she applied for the Scheme and was sanctioned a house. She was very happy to know that she can now get her dream house built.

It came as a pleasant surprise that she could fulfil her dream. Now, in the pucca house, she made it a point to build a separate puja room, her children have a separate room and they can focus on their studies without any disturbance.

She and her family are thankful to Hon'ble Prime Minister for such a wonderful scheme that helps people realise their dream of owning a pucca house.
