

# ANITA Yadav

## MADHYA PRADESH

“The Pucca house is everything that I had ever dreamt of,” says **Anita Yadav** and her husband **Rajendra Yadav**, a beneficiary from Dewas. They lived in a kutchha house for most part of their life. The condition of the house was deplorable and in extreme weather conditions, it became impossible for Anita Yadav and his family to stay there.

“The condition of my old kutchha house was very poor due to which water kept dripping from walls and roof during rains. Due to broken walls, there was a constant fear that poisonous insects and snakes would enter the house,” Rajendra Yadav recalls.

Anita adds that her husband earns a meagre income by working as a daily wage worker and their financial condition didn't allow them to build a house.

“One day, I got information about Pradhan Mantri Awas Yojana (Urban) [PMAY(U)] and I applied immediately for it. Luckily, my application got approved. I got Rs 2.5 lakh under PMAY(U) scheme to build a pucca house,” Rajendra Yadav said.

Their new home has all the basic amenities. The couple is grateful to Hon'ble Prime Minister Shri Narendra Modi for giving them a home and a respected life.
